ToolSchool **Crossover** our tip for you

FRAISA offers you highly innovative products; products that are always state-of-the-art and right at the cutting-edge of technological development.

For this reason, we would like to use our “**ToolSchool Crossover**” concept to draw your attention to the latest technologies now incorporated in our product catalogue and, of course, to the advantages they bring.

Our “**ToolSchool Crossover**” clearly demonstrates how you can and should switch from the products you have been using until now to the new cutting-edge products from FRAISA. The  logo has been used in this catalogue to highlight selected products that offer a particularly good opportunity to upgrade from an existing tool to the latest technology.

By switching from “old” to “new”, you benefit from increased productivity, cost reductions and genuine competitive advantages in the marketplace.

With our ToolSchool concept, you can be sure you always have the very latest technology to hand. This will strengthen your

position in comparison to all your competitors.

FRAISA’s ToolSchool stands for long-standing, field-proven experience and expertise. ToolSchool stands for application know-how and customer value. You can count on that.

Latest FRAISA technology for:

- **Greater efficiency**
- **Lower costs**
- **Improved competitiveness**
